# Benefit Cruise in For Brent Warren

## Saturday, August 23, 2025 4 P—9 P

**Scotty's Hometown GRILL**  
30 Buffet Blvd. Taylorsville, NC

Brent was diagnosed with throat cancer in July of 2023. He underwent 35 rounds of radiation from August to October 2023. In October of 2024, his throat started swelling shut, and he was in critical care at Catawba Valley Medical Center. Soon after coming home, he was admitted to Baptist, where he received a tracheostomy. The plan was to do a laryngectomy the following week; however, he went into Afib and SVT's due to blood clots in arms, legs and lungs. In November, he had to have a feeding tube because swallowing food was difficult. In December the laryngectomy was scheduled and was very risky. On December 13th, he underwent 15.5 hr surgery to perform the laryngectomy and remove the thyroid. What was intended as a stay of 10 to 14 days became a 26 day stay due to complications. He had multiple hospitalizations during October, November & December of 2024. He lost 2 jobs during this journey. He also has a mass on his right kidney which will require complete removal. This surgery has not been scheduled at this time.

All Street Rodders, family, friends, coworkers, church friends that would like to come and support Brent, come join this event. Everyone is welcome.
